DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 22 July 2004 has been entered. Applicant cancelled claims 1-14 and added claims 15-24.

Claims 15-24 are pending.

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. ***Claim 15***, drawn to on-line ordering, classified in class 705, subclass 26.
- II. ***Claim 16-24***, drawn to on-line ordering, including associating institutional profiles with user profiles, classified in class 705, subclass 26.

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, Group II has separate utility such as:

1. "...defining ...institution-indicative content supplied by institutional profiles ***associated with said user profiles;***" and

2. "...generating a previewable presentation...requestor interface user's user profile ***and institution-indicative content extracted from an associated institutional profile;***"

See MPEP § 806.05(d).

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

This application contains claims directed to the following patentably distinct species of the claimed invention. If applicant chooses Group II the applicant must select one of the following species.

Group IIa – claims 16, 17, 18, 19 and 20

Group IIb - claims 16 and 20

Group IIc – claims 16 and 22

Group IId - claims 16, 23 and 24.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.
